KIDS

June, 2022, Issue 1

FROM THE EDITORIAL TEAM

'Coming together is a beginning;
Keeping together is progress;
Working together is success.'

It is with immense joy and pride , we welcome you to the first edition of our Junior school newsletter ' Royal Mirror Kids' . The last two months have been extremely busy for our little ones . It is a new academic year and our little tots got artsy by dabbling their hands in a profusion of colours and created crafts and objet d' art.

We had an array of activities, workshops and events across junior school with the students participating with exuberance. It was an arresting sight to watch the students engaged in their work after the reopening of the school. May we continue to put forward many more delightful works of the children in the coming days and showcase their talents with this effort. Happy Reading.

EVENTS

Costume Clan Contest

When creativity blends with talent, a new concept of self discovery takes place.

"All the world's a stage, and all the men and women merely players."
- William Shakespeare

Colours, attires, new ideas burst forth and produce results which are truly spectacular and scintillating.

We had the Costume Clan Contest of pre-primary students. It was a mother and child act, which showcased their creativity and talent.

It was an amazing experience where the parents, children and the judges had a memorable time.

Labour Day (Special Assembly)

"All labour that uplifts humanity has dignity and importance, and hence should be undertaken with painstaking excellence."

To celebrate the painstaking effort of the labour force, who work tirelessly, Students of grade IV celebrated Labour Day with great zeal. Labour Day is a reminder to us that these are the real architects of our society, and they deserve their due respect. A poem dedicated to our didis and bhaiyas was recited followed by a heart touching skit presentation which almost brought tears to our eyes. Children made beautiful 'Thank you cards' and brought chocolates for the support staff. The assembly forged better understanding between the labour community and our students who must learn to respect and appreciate their efforts and be thankful to everyone.

Rongali Bihu Celebration

A special assembly was organized for the students of Pre Primary and Primary Sections to celebrate one of the major festivals of Assam that is Rongali Bihu, which is also known as Bohag Bihu that ushers the beginning of the Assamese New Year. The assembly started with the prayer "Nisinu tumak kot asa probhu...", followed by a speech on the importance of celebrating this festival and a poem recitation. The main attractions of the assembly were the 'Husori' performance followed by two enthralling Bihu dances which set the tone for the festive season. A very important ritual of this festival called 'Bihur Hewa Jonuwa' was shown to the students where all the respected dignitaries - Chairman Dr Ashok Pansari , Member of Management Ms. Harsha Pansari , Principal Ms. Anubha Goyal, Vice Principal Binita Jain, Headmistress Ms. Debdutta Bera Adhya were felicitated with a "Phulam Gamucha" and the students sought blessings from them by touching their feet. Principal ma'am addressed the assembly and wished everyone a very happy and prosperous Rongali Bihu. The tiny tots of the pre primary section dressed in traditional attire amazed everyone with their vibrant and scintillating Bihu dance moves. The assembly ended with the state anthem.

Elocution and Do As You Like Competition

"No job is too big, and no action too small, the care of our Mother Earth is a job for us all."

Students of Primary Wing took active part in the Elocution and Do as you like competitions. The theme for the event was 'Environment', and the participants showcased their talents as they came dressed in appropriate costumes depicting the various hues of nature and spoke passionately on how to save Mother Earth and make it a better place to live. The participants amazed the audience with their exuberance and enthusiasm. Both the events were organized to instill the values of conserving mother earth and enhance the public speaking skills of the students.

Tagore Jayanti Celebration

A Nobel laureate, a playwright, a poet par excellence and the one who gave us our National Anthem ~ Rabindranath Tagore.

He renounced his knighthood as a protest against the Jallianwala Bagh Massacre ! Students of grade III put up a special assembly to offer their esteemed regards to the Bard of Bengal. The little ones enthralled the gathering by their melodious rendition of Rabindra Sangeet. They wined off their assembly by captivating everyone with their gracious movements in sync with the melody of Rabindra Sangeet.

FIELD TRIPS

Visit to State Botanical Zoo

Learning is absorbing and absorbing is experiencing... Keeping this in mind, the students of Grade 4 visited the State Botanical Zoo Garden. The students enjoyed thoroughly watching the animals that include the monkeys, chimpanzees, colourful birds and specially the lions, hollock gibbons and the majestic giraffe. It was indeed enthralling to witness these young minds peeping through the walls, eagerly waiting for the animals to come out of their habitats. The students adhered to the rules to be followed while visiting the zoo and had a real life experience on zoo manners.

Trip to Gauhati University Botanical Garden

In the words of John Burroughs, "I go to books and to nature as the bee goes to a flower, for a nectar that I can make into my own honey." Keeping this in view, this educational tour to Botanical Garden of Gauhati University was organised for the students of Grade 3. It was a fun-filled trip for the students.

Educational Trip to State Science Museum

Education is not confined within the four walls of a classroom. Students learn more by observing, by asking questions and the urge to find out the why and the how.

The students of Pre Primary, Grade I & V of Royal Global School were taken on an Educational Trip to the Science Museum.

As soon as the students boarded the bus their faces lit up! Once inside the Museum the kids were a sight to behold. Their gleeful laughter reverberated the entire museum and brought to life a dull and gloomy day with an overcast sky.

The students experienced first hand the process of Photosynthesis, understood what a balanced diet comprised of, saw a model of the Oil Refinery, attempted a quiz, played with the Chaotic ball, had a gala time with the head on a platter, sat on the Nail chair, experienced liquid painting, played the organ pipes, experienced kaleidoscope, played with the acrobatic stick. The tour of the Science Museum ended with the student's visit to that part of the gallery that showcased India's achievement in Science. This exhibition is a tribute to 75 years of India's Independence.

A Visit to Akshaya Patra Foundation

"Respect for food is a respect for life, for what we are and what we do!" To sensitise the young minds of our students the school has organised a field trip to The Akshaya Patra Foundation, Guwahati on 27th May 2022(Friday) for the students of Grade II. The students were enlightened to be able to peek into the activities of the kitchen, and the various practices followed by them inside the kitchen with regards to the cleanliness, maintenance, quality checks, where they offer some variety along with nutrition.

After visiting the kitchen, the students went for prayer at the temple and had the 'prasad' thereafter.

The students had an enriching experience about food and hygiene and how different people are involved in helping and serving others. It also evoke a sense of responsibility and humanity in the young minds.

Primary Avid Readers

"A book is a gift you can open again and again".

To inculcate the reading habits among the young readers of the school, an initiative has been taken by Royal Global School to acknowledge the most enthusiastic readers among the young readers of Primary Wing. The passionate readers are invited for a Reader's Appreciation High-tea with the Head of the school, Principal Anubha Goyal ma'am.

The first Avid Readers of the session 2022 are - Hitanshi Bajaj (Grade I), Isam R Saikia (Grade II), Khyati Nath (Grade III), Ishita Arora (Grade IV), Jiya Jain (Grade V). These budding readers spent a cozy and informal evening with their beloved Principal Anubha Ma'am where the students enthusiastically discussed with her about the books they read.

WORKSHOPS

Storytelling Workshop For Primary Students

"The more that you read, the more things you will know. The more that you learn, the more

places you'll go." Dr. Seuss.

Reading helps us understand the world around us and enhances our creative communications skills. With such objectives in mind Royal Global School organized a Storytelling workshop by Ms. Amita Khare and Ms. Vidya Padmanabham for the Primary students.

They amused the students with a very expressive and comical display of emotions and powerful gestures. Each simple story came alive with their animated performance and kept the children enthralled till the very end. After the enactment of the stories students participated in quiz and solved word puzzles, which has really encouraged them to read more books.

Pottery Workshop for Primary Students

Students of pre-primary and primary sections, had a hands on experience about using a Potter's wheel and creating diyas. The fascinated and mesmerized students watched in awe as the potter held their hands and helped them with their creations. When the students were asked what was their experience like, they said it was a memorable and unforgettable experience. Some even went to the extent of saying that it was once in a lifetime experience.

By introducing students to the Potter's wheel, the school wanted the students to experience the exhilarating experience of contentment that one feels when one creates things.

The skills acquired were how to coordinate and to focus.

Hydroponics Session For Grade IV And V

Students of Grade IV and V of Royal Global School had a session on Hydroponics. It's about Urban farming and teaching children how to grow their own vegetables within the limited space that urban apartments have.

The main motive of the session was to drive home the point about the hazards of using chemical manures and its ill effects on health. So how to grow your own vegetables where there is paucity of space ?

The skills acquired were how to grow your own vegetables through hydroponics without soil and sunlight and through artificial lights and zero chemicals.

Sustainability Through Eco Bricks

Active Eco-club members from 4th to 12th grade took part in making eco-bricks to observe Earth Day in the school under the initiative of the IAYP and Interact Club members under the guidance of the Moderator, Suman Bhuyan.

There is no question that Earth has been a giving planet. Everything humans have needed to survive, and thrive, was provided by the natural world around us. But the lack of responsibility and awareness makes us unable to take care of our planet the way we should have.

Eco bricks are zero cost, reusable, lightweight, easy to work with, and most importantly, repurpose the plastic that's rapidly threatening to take over our ecosystems. Students collected plastic wastes and made eco-bricks which in the long run will be part of a broader project. They also took a pledge to teach the craft to other students so that they can learn to manage the waste and save the planet.

WINGS OF IMAGINATION

If I could fly , what could I do?
Way up high , I'd look down at you.
I'd soar up high in the starry sky,
And meet dear Polka to whom I once said bye

I'd play on clouds and bounce about ,
No one would hear me so I'd sing out loud.
I' d go up there and touch the moon,
And fly further to reach Neptune.

But me having wings is mere fiction ,
So I'd fly using my wings of imagination.

by Anahita Das
Grade III-B

SHINCHAN

When I used to wake up,
I only dreamt of you, just waited to meet you
once more....
You were my buddy, my best friend to spend
time with.
Waiting whole day to get a glimpse of you,
You were always my dear,
You would be my buddy all my life through.

EXPERIENCE DURING ONLINE AND OFFLINE CLASSES

I, Devansh Agarwal, student of class II-C am going to share my experience during online and offline classes. My online classes were great. Teachers arranged each class in such a way that I didn't face any difficulty. It introduced me to the world of technology where there is a large scope of learning new things in a more interesting way. Online classes make education more fun learning through visual display. But when I started going to school, i.e. offline classes, I found it to be more realistic and holistic. The ambience of my school is very beautiful. I can meet my teachers and friends face to face. I can play sports as my school has many sports options. During offline classes, I also experience road trip with my teachers and friends which was thrilling. I also watched a movie with them in school. Learning is great in all the little things that we do together in school. Either it is online or offline, my school imparts me best education in both the ways.

Devansh Agarwal
Grade II-C

MY FIRST FIELD TRIP

One day ma'am informed us that we are going on a field trip. I was very excited about it. When I told my mom about it, she exclaimed "Wow! Jisha this is going to be your first field trip, you will enjoy it very much." The day before the field trip I was overjoyed, I had to pack many things a cap, a bottle, etc. I had to sleep early otherwise I would have not been fresh the next day. On the day of the field trip, I got ready and went to school, Ma'am asked us to get ready and make the line height wise. On the field, a guide also joined us, he told us about plants and trees. I saw money plants, Kopou phul, white lotus and lilies too. We saw monkeys and beehives too. We took group photos. While returning back we had our short break tiffin. After finishing school, we went home. I hugged my mother and told her "I enjoyed a lot."

COFFEE WITH PRINCIPAL

On the 24th May, finally I got the chance to go on a date with our Principal, Anubha Goyal ma'am for being the Avid reader of the month. The books which led me towards this achievement were the Harry Potter series, books written by Ruskin Bond, some classic novels and many more. The date was quite a special one. We went to 'Mocha restaurant' which is located in G.S Road. We had so much fun there. We ate fries, nachos, pizza and cake as dessert. We played a lot of games and clicked photographs with ma'am. This was a memorable experience for me which I will cherish forever. Thank you Royal Global School for really motivating us to read more books.

MY KERALA TRIP

My family and I took a five day trip to Kerela during a short Easter and Bihu break. We took a flight from Guwahati Airport to Kolkata, and from there another flight to Cochin (Kochi). As we arrived in Kochi, we started on a two hour road journey to a village called Kumarakom, which is famous for its backwaters.

We stayed in a eco-friendly resort named Kumarakom Lake Resort. It was a beautiful and peaceful place surrounded by nature.

There were many activities for children at the resort. I tried pottery making, basket weaving and fishing. My little sister and I went swimming. We swam and played in the water..

We also went for a sunset cruise and got to capture many beautiful pictures of the sunset. I also spotted many kinds of pretty birds.

Kerela cuisine is delicious. I enjoyed having dosa, idli, vada, sambhar, uttapam and many different types of sea-food. When it got too hot in the afternoon, we sipped fresh coconut water. In the evenings we drank filtered coffee and ate various kinds of Kerela tea-time snacks.

The resort had many birds and beautiful flowers and lush greenery. It was set against the backdrop of India's longest lake, Vembanad.

It was a fun and memorable trip. The beautiful place, delicious food, outdoor activities, birds and animals made the holiday a truly joyful one.

NARCISISM

It was springtime in Southern California. A new park had just been opened, known as the "Springtime park". The newspaper man was delivering this news to everyone. Emma was comfortably sitting in her lounge, drinking some coffee which had a rich aroma. As she got this news, she jumped off her couch and swiftly bolted to her father and asked for 200 dollars. Her father replied "ofcourse dear, but why? She told him all about the new Springtime park. "Ok , but there will be too much heat and sunlight, will you be able to stand it? Her father asked. Ofcourse Papa, she replied. Then out she went of the room to get dressed in comfortable clothes. As she reached the park, she got off her jeep and dashed to the ticket counter. After getting her ticket she saw a man sitting near the ticket counter, but paid no attention to him. As the man saw her, he was sure that she was very rich , by looking at her clothes and glossy goggles. He went and begged and asked her for 400 dollars. Emma asked him , why he needed that money. He replied that his children were crying to come to the park. Emma thought for a second and replied that she had that kind of money , but she would not spend it on a destitute. His eyes filled with tears on hearing her reply. Emma went inside the park and had a great time, as she came out of the park , she saw her mother, Lisa waiting to pick her up. The man saw the rich Lisa and begged and asked her for 400 dollars. Without listening to a single word , Lisa gave the money to the poor man. The man joined his hands and said thank you. He went back home very happily. He could bring his children to the park and they all had a world of fun.

A BIG BAD MOUSE

Sshh SShh!! We are entering the deep dark woody forest. Sam will hear us. Sam is a mysterious , monstrous mouse. He has two horns, his eyes are as red as fire, and he has poisonous spikes on his back.
He goes to eat the magical apricots. These apricots have powers which make Sam stronger and enormous. Whoever sees him, run away and hide. You know why??? He eats them up.

THE BOY AND THE BAKER

There was a baker baking a cake
Came in a boy and asked for a shake,
Baker said " I bake only cake"
Boy said "Take a break and make a shake"
Outstanding suggestion to include shakes,
So that kids can come
And enjoy their break.

MY MOTHER

On this Mother's Day....
Mom, I want to celebrate it just my way..
Good times or bad time...
You were always there....
May it be Mother's Day or any normal day...
Even I am always here.....
From my first breath and yet....
You guided me well in every step...
Brushing my teeth to combing my hair
You make me look perfect in all affair...
Helping in studies or making me eat....
You'll always be my dire need....
No matter how many tantrums I throw...
You manage to keep me in row...
You always give me immense space...
You are my perpetual place .

GOT BACK TO SCHOOL

It was nice to go back to school
After two years of Pandemic.

It was boring at home.

I was excited, to see my friends and meet new teachers.

One more thing, online classes were interesting at the beginning

But afterwards distance learning was hard.

Reading and writing on computer caused pain in my eyes and
fingers.

I understand everything better in classes, than the online lessons.

In school , there is more positivity and a better learning process.

By Sahajpreet Singh
Grade V-C

THE LOST RING OF MRS. MING

One day, Mrs. Ming,

Had lost her diamond ring.

She said; " it was so precious to me,
I drowned my sorrow in a cup of tea.

I was stressed ,

My home became messed.

I had looked everywhere,

But it was nowhere.

One day, I was walking through town,

And I saw a mound,

Inside lay my diamond ring,

And that made me a happy Mrs. Ming."

By Aanya Goel
Grade V-B

THE DIAMOND EARRING

On the day of my birthday, I went to the jewellery shop. I chose a beautiful pair of rose- shaped earring and was very excited to wear them for the party. I came back home and kept the earrings in the drawer and went downstairs to have my lunch. After finishing my lunch, I went upstairs and found that the earrings were nowhere to be seen. I immediately asked everyone to look for them, but even after searching for hours ,we could not find them. I went to the Police station and filed a complaint. The Police investigated the matter and found footprints in my room that did not match any human. I had lost all hope and moved on with my life. One day, as I went to feed my cat, I saw that my precious pair of earrings were lying on the cat's bed. I was shocked and excited at the same time, on finding them there. From that day onwards, I kept my earrings very safe.

By Rupal Jain
Grade V-B.

MY VISIT TO PURI

During the winter vacation, along with my family members, we went for a trip to Puri on the 26th of December. It was a very enjoyable trip. I was excited to travel by aeroplane after so long. I bought some foreign chocolates at the Kolkata airport which were very delicious. Late in the evening at around 8, we reached the hotel in Puri. After having my dinner, I fell fast asleep. Next day I woke up early , and went to visit the famous Jagannath temple. I was afraid to see lots of people pushing each other to enter the temple. Inside the temple I saw a huge idol of Lord Jagannath.

Next day , we went to the sea beach where I enjoyed myself a lot. I swam for hours and spent about half a day at the beach swimming and eating fish fry and lots of tasty chaats. I was extremely happy. I did some shopping also in Puri. I returned home with some wonderful memories.

By Dishanjit Goswami
Grade II-B

RUBY AND RICKY

There was a girl named Ruby, she was very honest and pretty. One day she woke up early and was very happy because that day it was her birthday.

Father: "Happy birthday Ruby, any gift of your choice ?Tell me dear!"

Ruby: "I would love to have a pet bird Papa!"

They went to a pet shop. Suddenly Ruby noticed a cute parrot walking very fast from side to side.

Ruby: "Wow! That's a cute parrot. Papa, will you please buy for me that parrot?"

Father: "Sure! "

Ruby thought-"It is the happiest day because I am going to have a pet of my own."

For two and a half months the parrot stayed with Ruby. She took good care of the parrot and named him Ricky. Ruby played with Ricky ,gave him food on time. She used to say bye to Ricky before she goes to school.

One day she woke up and peeked through the window near her bed. She saw a flight of birds eating starfruits , flying high in the sky and eating the juicy starfruits again and enjoying. She then thought of Ricky and felt sad! -"I wish Ricky could enjoy with them. But he is locked in a cage alone." Next morning, Ruby opened the cage, took him on her hands, kissed and let him fly and enjoy with his

other friends. She was sad because she will not be able to play with Ricky anymore but happy too, as he was free. Ruby watched Ricky as he flew high in the sky!!!

By Nirvi Krishna Goswami

Grade III-B

NATURE

Everything is nature,
God gave us this feature.
Birds fly in the sky,
And mountains are so high.

Trees are green,
And water is so clean.
We are not kind to it.
We are only harming it.
But it never betrays
It always gives us right way.
Please leave it as it is,
Don't try to play with it.

By Chahek Pansari,
Grade V-A

FUN!

Away to the park,
And into the sun,
Out on the slides,
There is fun!
Fun in the rain!
Fun beneath the trees!
Fun on the grass,
And enjoy the breeze.
I enjoy all above,
When my homework is done,
Because studies are also,
Fun! Fun! Fun!

By Arz Arora
Grade IV-C

QUEEN OF HILLS

While the Corona Virus was affecting the masses
I was busy studying in my online classes
Then came the month of November
The best month I would always remember
My father planned a vacation to Manali
It was going to be my best trip with family
It was my first trip to mountains
I heard there were lots of hills, trees and fountains
We reached Manali via Shimla by road
It was truly nothing less than God's own abode
There were Trees, valleys and mountain everywhere
I felt like there could be no such place elsewhere.
Finally I got the opportunity to touch and play with snow,
All I could see was snow mountains and green meadow
Even though the weather was freezing
But everything there was so pleasing.
I wish to go to Manali again
Hope I shall get another call from the mountain.

Grade IV-A

A TRIP TO DEEPOP BEEL

On the 28th of April, at around 9:30 A.M. in the morning, after the 1st period, the class teachers of Grade II took the students of Grade II for a field trip to Deepor Beel in the school bus.

We were very excited about the trip. Me and my friend Berlin sat together. We had lots of fun with our friends and class teacher Neelam Maám. She clicked our photos and pointed to us the nearby places like Balaji temple, Inter State Bus Terminus etc. We carried few snacks like fruits, chips, chocolates and many things to eat during the trip. On the way we shared all the snacks with each other and ate our favourite things.

Deepor Beel is located to the south west of Guwahati city. It is a fresh water lake. We saw a wonderful view of the lake. There were beautiful birds with various colours and sizes, people rowing boats, and a railway track near the lake. Deepor Beel is simply beautiful.

It was a lovely experience. This day will be a very memorable day of my life. We did not want the trip to end as this was the first time we went on a field trip after the Covid -19 Pandemic. We learnt a lot and made many memories with our friends and loveable class teacher. We came back happy to school and carried back fond memories. It was a beautiful trip.

TEACHERS' CORNER

December 2019 , the first cases of Corona viruses were detected ! The world panicked ! We the educators too. But along with our anxiety we had to adapt to a totally new mode of Education ; the Online mode. After a lot of workshops, hiccups and learning we mustered the art of Online mode of Education. But as days lengthened to months, which expanded to years , not one but two years, we were missing our kids and our classes immensely.

Then came 2022 and after a gap of two years , it feels so normal to do offline classes. We realised what we were missing !

It feels so nice to have the children amidst us. The classrooms are filled with their innocent banter and their queries. It is heartwarming to see the bond they share with their peers. The corridors are reverberating with their gleeful laughter. Now as we sit back and think what we were actually missing, just as a house becomes a home because of the people who live in it , otherwise it is of no use , similarly the school building is useless without the children to fill them in.

By - Mrs. Indira B. Deka

ACHIEVEMENT

Congratulations to Ritisha Myra Rajbongshi for representing the Assam team in the MPL 10th National School under 09 Chess Championship 2022(Girls Category) at Bhuvaneshwar for securing the 18th position with 5.5 points. She has been qualified to participate in the upcoming Western Asia Chess Championship which is going to be held in the Maldives.
