

Circular to Parents

RGS /LIBRARY/2026/01

Dated 13th of April 2026

Subject: **Continuation of DEAR (Drop Everything and Read) Program**

Dear Parents,

Greetings from the Library Department.

We are pleased to inform you that the DEAR (Drop Everything and Read) Program will continue in the current academic session, building on the success achieved in the previous year.

The program will **commence on 17th April** and will be conducted every Friday from **8:00 am to 8:20 am**, following the same schedule as before. During this time, students will engage in silent and independent reading to strengthen their reading habits and improve concentration and language skills.

Students are required to bring a book of their choice from home every Friday. This will help in extending the reading habit beyond the classroom and ensure continuity at home.

To further encourage and recognize students' participation, **one student from each class will be awarded every month** based on the following five criteria, which will be monitored by the class teacher during the DEAR sessions:

- Regular participation
- Reading discipline
- Interest and engagement
- Book handling and care
- Overall reading progress

Selected students will be awarded with a **certificate of recognition**.

We request parents to support this initiative by motivating their children to participate sincerely and consistently.

Your cooperation in nurturing a strong reading culture among students is highly appreciated .

Warm regards

Library Educator
